

Electrical Part for Forklifts

Electrical Parts for Forklifts - Forklifts along with various lift trucks could have specific labels used in some hazardous locations. The label denotes that this certain model of forklift meets the minimum standards of ANSI/UL 553 for electric forklifts or ANSI/UL 558 meant for internal combustion engine lift trucks.

Applications for marked trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Areas of Use, Maintenance and Operation, and Type Designations. Consult your local insurance carrier and Fire Marshall for more information regarding the approved uses of industrial powered lift trucks in your application.

If the lift truck has been proven to meet the outlined standards, the following labels can be put. A marked truck would have the type designation placed on the forklift nameplate and will have one of the following labels put.
